

Ensuring Successful Retirements

Group 2

Our Main Question

Hana W.

How do certain circumstances
ensure successful retirement for
Americans?

How would we *measure* a retirement's success?

Earlier Age of Retirement?

No.

- FIRE versus Barista-FIRE

Benefits from Social Security

No.

- Age for Receiving Benefits
- Do benefits really affect the quality of a retirement?

Income and Spending?

Yes.

Strategy and Metrics for Our Source

“certain conditions”

Variables

...should be plentiful and distinct from one another.

“successful retirement”

One variable at least...

...should show income and spending.

“Americans”

Set's sample...

...should be large.

Cleaning the Data

Amanda D.

- Interpreting source
- Manipulating columns
- Any steps worth mentioning

- Any steps to analysis worth mentioning

Jupyter Notebook

Trends/patterns:

Blah, blah, blah.

Blah, blah, blah.

Trends/patterns:

Blah, blah, blah.

Limitations

Hana

- Our source's demographics may not be representative of the United States' demographics.
 - Case IDs
 - 2020's Recession
 - Our measure for a successful retirement may not be representative of others' measures for a successful retirement.
-

Our Conclusions

Hana

- Numerical Summary
- Visualizations
- Findings' Implications

Thanks for listening to our
presentation!
